INTRODUCTORY

449603

The publishers take pleasure in presenting to their patrons the 1919 edition of the Fort Wayne City and Allen County Directory with the confident assurance that it embodies a comprehensive epitome of the social, commercial and industrial interests of this growing and hustling city and its environs. The work is a modern, first-class directory. The greatest care has been exercised to produce a work creditable to the city. There is nothing that contributes more to the development of a municipality than an up-to-date Directory, produced by publishers of established reputation and long experience in Directory making. It is a work demanded by the modern business world, indeed it is found to be an indispensable means of reference to the varied interests of a community. Fort Wayne keeps pace with the progress of the world and stands today a busy, prosperous community. As a municipality it has always stood for that conservative progress which makes for permanent advancement. General improvements have been continuous and substantial and the forecast is for even a greater showing for the future.

THE FORT WAYNE CHAMBER OF COMMERCE

"A Power House of Progress," the Chamber of Commerce is the medium through which the citizens of Fort Wayne, and especially the business and professional men, are working for the uplift of the city, both from a commercial and civic standpoint. The activities of the Chamber of Commerce are conducted through bureaus, including the general and civic bureau, industrial, membership, traffic, transportation and waterways, manufacturers, jobbers, retail merchants, advertising, tourists, rural development and good roads, legislation and taxation, real estate, insurance and housing and other departments. This organization exists solely for the development of the city and its various enterprises, its members are imbued with a spirit of progress, they give their earnest thought and attention to the city's welfare and its social and commercial betterment. The influence of the Chamber for good in the lines of conduct laid down for civic progress is paramount in the community, and citizens naturally look to the Chamber of Commerce whenever questions

arise relating to the general interests of the city. Thus Fort Wayne is in line with other important cities in maintaining and supporting the organization. The Chamber solicits correspondence with investors, merchants, workingmen and homeseekers, to whom full information will be furnished.

THE POPULATION OF FORT WAYNE

There are in this volume 46,630 names of individuals which, multiplied by 2, the most conservative multiple used by any enumerator, indicates a population of 93,260.

Copies of this Directory are placed by us in the Directory Libraries of the principal cities of the country where it serves as a valuable book of reference for the public and as a lasting advertisement for Fort Wayne and its business interests.

SOME SUBSTANTIAL STATEMENTS

Fort Wayne, from which the name of the city is derived, was erected in 1794 by General Anthony Wayne at that point where the St Mary's and the St Joseph's unite to form the Maumee river, which flows into Lake Erie at Toledo.

It had been an Indian trading post for a hundred years previous, its Indian name being "Kekionga".

It had been held in earlier times by the French, who built a fort for its protection a short distance west, on the St Mary's river, and later by the English, who constructed a fort on the St Joseph's, a short distance north of the site chosen for "Fort Wayne".

Within its corporate limits it has nine miles of rivers —five of the St Mary's, two of the St Joseph's and two of the Maumee. All of these river banks within the city are owned by the city, and are to be parked and boulevarded.

Fort Wayne has never had a "boom", and it has never stopped growing. Its population in 1840 was 2,050; in 1850, 4,282; in 1860, 10,388; in 1870, 17,718; in 1880, 26,880; in 1890, 35,393; in 1900, 52,057; in 1910, 71,500; in 1911, 75,448; in 1912, 76,320; in 1913, 79,520; in 1914, 82,764; in 1915, 83,250; in 1916, 87,360; in 1917, 88,500; in 1918, 92,110, and in 1919, 93,260.

It has four east and west trunk line railways—the Pittsburgh, Fort Wayne and Chicago (Pennsylvania lines), the Wabash, the New York, Chicago and St Louis (Nickel Plate), and the New York Central lines. It has two north and south trunk lines—the Grand Rapids and Indiana and the Lake Erie and Western.

It has six miles of interurban railways, with others building and in contemplation. These railways have a direct connection with the great interurban systems of Ohio and Indiana.

Within a radius of about 200 miles Fort Wayne is about equidistant from her sister cities of Indianapolis, Toledo, Detroit, Cleveland, Chicago and Grand Rapids.

It has no slum district. It is a city of homes, the proportion of home owners to its population being greater than in any city of its class in the United States.

It is known as the "Summit City", as it sits upon the crest of the watershed whence the waters flow east to the St Lawrence and west to the Mississippi.

It is on the line of the proposed deep waterway known as the Toledo, Fort Wayne and Chicago Trunk Line Barge Canal, which will unite the waters of Lake Michigan and Lake Erie.

It has the best distributed system of parks of any city in the state, fifteen in number, with one other now being acquired. When these are secured there will be a park within ten minutes' walk of the home of every citizen in Fort Wayne.

It has a Chamber of Commerce with a membership of 1,600, to the members of which the city is indebted for the new Anthony Hotel, costing for grounds, buildings and furnishings over $500,000.00.

It has the finest county court house west of the Alleghenies, designed by a Fort Wayne architect and built without a dollar of "graft" going into it.

It has three national banks with assets of $25,822,257, five trust companies with over $14,000,000 and three private banks.

It owns its own waterworks with an ample supply of pure deep rock well water, the value of the plant being estimated at $1,343,463.00; the rates are the lowest in the State. There are one hundred and sixty miles of pipe.

It owns its own electric lighting plant for both city and commercial purposes, valued at $912,857.00, and is already earning a net annual profit over operating expenses and renewals of $67,590.

It has one hundred and eleven miles of paved streets, seventy-three and one-third miles being asphalt; seven and one-half miles of paved alleys; one hundred and forty-four miles of cement sidewalks, and one hundred and thirty-two miles of sewers.

It has the finest public market house in Indiana.

It has over fifty churches, three large public hospitals, four fine opera houses, three large photo play houses and eight smaller ones, nineteen large public school buildings (several with fine playgrounds attached), three public playgrounds and many fine parochial schools, the handsomest Scottish Rite cathedral in the world, a beautiful Masonic Temple, an elegant country club, a $100,000.00 Young Woman's Christian Association and a $338,000.00 Young Men's Christian Association.

It is one of the best lighted cities in the country, all of its business section being illuminated with five-light ornamental lamp posts, placed seventy-five feet apart on both sides of the street.

It has three daily newspapers, all of these of very wide circulation, covering all of northeastern Indiana and northwestern Ohio.

It has some of the largest manufacturing plants in the United States, among which are the Pennsylvania shops, the General Electric Co, Fort Wayne Works; the Bass Foundry and Machine Works; the Wayne Knitting Mills, the largest full-fashioned hosiery mill in the country, employing 3,000 people; the Packard Piano Company; the Western Gas Construction Company; the Bowser Oil Tank and Pump Company; the Wayne Oil Tank & Pump Co; the Van Arnam Mfg Co; the General Electric Lamp Factory, and many others.

The bank clearings for the year 1918 totaled $66,832,493.75.

The Sign Over Your Door

Is a good thing, isn't it? You would not think of doing business without it. *BUT it is only seen by those who pass your door.* If you could put a sign where everyone could see it, would it interest you?

The City Directory

Is where people look for you when they want to do business. You should make it easy for them to find you, by putting such information as a buyer wants in the Directory, properly indexed under all headings, where he might look for you.

To be Properly Registered Costs Less Than To be Left Out

The Sign Over Your Door

Is a good thing, isn't it? You would not think of doing business without it. *BUT it is only seen by those who pass your door.* If you could put a sign where everyone could see it, would it interest you?

The City Directory

Is where people look for you when they want to do business. You should make it easy for them to find you, by putting such information as a buyer wants in the Directory, properly indexed under all headings, where he might look for you.

LAKE D & C LINES

For Business and Pleasure Trips Use D & C Line Steamers

The Delights of a Lake Trip

REST after work is necessary to human endurance, and holidays are a wise economy. The Great Lakes of America offer more vacation opportunities than any other source in the country. The steamers of the Detroit and Cleveland Navigation Company operating to all important ports are unrivalled in point of elegance, comfort and quality of service—the perfect freedom offered by the saloon and promenade decks, the commodious state rooms, luxurious furnishings and excellence of cuisine make life aboard these floating palaces, a solace to the weary mind and body.

WHERE YOU CAN GO

Daily service is operated between Buffalo and Detroit, Detroit and Cleveland, four trips weekly between Toledo, Detroit and Mackinac Island, the historic summer resort of the North Country, and from June 25 to Sept. 10 a special steamer will be in commission between Cleveland and Mackinac Island, stopping at Detroit enroute every trip. During July and August special daylight trips between Detroit and Cleveland.

RAILROAD TICKETS AVAILABLE

Tickets reading via any rail line between Buffalo and Detroit, Detroit and Cleveland will be honored for transportation on D. & C. Line Steamers in either direction. Send 2 cent stamp for illustrated pamphlet and Great Lakes Map. Address L. G. LEWIS, G. P. A. Detroit, Mich.

THE TOWN CRIER, THE ADVERTISMENT AND MODERN SERVICE

In your great grand-dad's time, when a man wanted to make known that he would sell his cow, or that he wanted to buy a clock, or that his steed had strayed, he told the town crier; and this personage went through the streets of the town, clanging his old brass bell, and bawling the news at the top of his lungs. The town crier of today is advertising — whatever kind you use. It tells the town; and more people r e a d advertisements than ever heard the old town crier.

Bring Your Advertising Needs to

THE AD SHOP

No ancient methods of town-crier days can emanate from The Ad Shop. Each advertising problem calls for specialized effort. And each advertisement, each campaign, each piece of work done by The Ad Shop is a separate, distinct evolution of advertising skill.

The Ad Shop can furnish you with advertising art. The staff artist is ready to serve you.
